I subscribe to XM Satellite Radio and listen to its traffic and weather channels, among others. Satellite radio provides variety and quality that I have not been able to find anywhere else. I pay for this service and it should not be the business of the National Association of Broadcasters to limit what I am permitted to hear. I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I pay for, demand and deserve.
